But Italy with plentiful supplies from the Black Sea, and sales forced by the Government, shows a rather lower range of prices."

The Cincinnati papers give some statistics repecting the packing of pork for the season, from shich it appears that compared with the previous season there has been this year a falling off of 114,213 in the number of hogs packed. successor in the Washington Brewery, corner of K and 27th streets, Mr. Colineau, is now manufacturing XX ale and porter and brown stout, all of which reflect infinite credit on his establishment. His ale compares favorably, indeed, with the best Philadelphia and Albany ales, being, according to our taste, much more like the best English and Scotch ales than those imported from either of those cities. If he continues to produce so supe rior an article, he will shortly make a reputation for his brewery surpassing that of any Northern establishment.

THE MAYORALTY OF ALEXANDRIA. - The recent election in this city has resulted in the choice of a most estimable gentleman to be its Chief Magistrate, he is the twenty-second gentleman, who since the opening of the present century has been called to that position. For many years, the Mayor was chosen by the Common Council, and until late years his salary was four hundred dollars and the fees of the office, which in some cases are said to have made the revenue derived from the position over one thousand dollars. The amount now fixed by law as the salary of that officer, is eight hundred dollars, and all fines, forfeitures and other perquisites of the office are required by law to be accounted for and paid into the city Treasury. During the sixty years that have passed, many gentlemen have served several years, three years being, however, the usual term of service. Messrs. John Roberts, and Bernard Hooe each served six years in the mayoralty, while Mr. Robert G. Violett resigned after a service of a few weeks.
